Recommended First Semester Course Selection Choices

Core Courses

If you do NOT have an undergraduate or graduate degree in one of the areas listed below you should register for the following courses in your first semester:

- BIA 568
- BIA 580
- BIA 650
- MIS 630

If you have an undergraduate or graduate degree in computer science or computer engineering you may waive MIS 630. You should register for the following courses in your first semester:

- BIA 568
- BIA 580
- BIA 650
- MIS 637

If you have an undergraduate or graduate degree in mathematics or statistics, you may waive BIA 580. You should register for the following courses in your first semester:

- BIA 568
- BIA 652
- BIA 650
- MIS 630

Business Analytics and Artificial Intelligence Elective Choices

Elective Courses

With the approval of their advisor, students may take any four Stevens graduate classes to satisfy the requirements for the BA&AI degree. Alternatively, they may take electives that satisfy the requirements for one of the following two concentrations.

Applied Analytics and AI Concentration

Select four courses:

- FIN 515 Financial Decision Making
- BIA 658 Soc. Net. Analytics & Visualization
- BIA 672 Marketing Analytics and AI
- BIA 674 Supply Chain Analytics and AI
- MIS 636 Data Integration for Bus. Intel.
- BIA 810 Healthcare Data Analytics*
- BIA 686 Practicum in Analytics

1 approved elective

Data Science and AI Concentration

Select four courses:

- BIA 656 Adv. Data Analytics & Machine Learning
- BIA 660 Web Mining and AI
- BIA 662 Augmented Intelligence & Gen. AI
- BIA 667 Deep Learning & Bus. Apps
- BIA 810 App. Dev. Using Generative AI*
- BIA 678 Big Data Technologies
- BIA 679 Big Data Practicum

1 approved elective
